

## Lecture Series

Neuroscience Supportive Care Program

# Driving Rehabilitation

Tuesday, April 24 | 10:30am–11:30am

Stanford Neuroscience Health Center, Wellness Room 1511

This is an informative driving rehabilitation session which will discuss requirements by the DMV for those who have had a change in medical status, suspended license or who have let their license expire. Resources will be available including those for individuals who may be interested in modified hand controls and ideas about wheelchair vans.

Registration required. To register, call **650.721.8500**.
