Meet the Expert

This issue we interview Nick Berte, MSN, RN the Research Program Manager with the Office of Research, Patient Care Services (ORPCS). Click [here](#) to learn more about Nick's unique role and why he moved from ICU nursing to supporting research and clinical trials.

Research

This article describes the journey of Stanford Hospital to gain a Geriatric Emergency Department Accreditation and improve care for its older patients. It focuses on the role that nurse play in improving quality of geriatric care through rigorous quality improvement and research. Click [here](#) to read more on this topic.

Education

This article provides information about the practice of predatory publishing where authors may inadvertently pay a fee to publish on a website that does not have academic credibility. Click [here](#) for more details.

Spotlight

This article highlights a recent conference held here at Stanford, Big Data in Precision Medicine. We highlight some key concepts gained from the conference, and the need to be aware of how big data is changing the healthcare field. Click [here](#) to read more.
